

Practice 24 – SE-DS File + Nested Loop+Pattern

Task 01: Create following patterns on parameters:

Note: Parameters means, do not hard code for any example, rather write general code for input.

- a. Rows: 9
Columns: 7

```

* * * * *
*   *   *
*  *   *
* *   *
*  *   *
*   *   *
*    *  *
* *   *
